👤 PROFILE

I am a certified Software Engineer with expertise in web development, web design, UX/UI, and graphic design. I thrive in dynamic environments, bringing a blend of technical acumen and business insight to drive projects forward.

I have demonstrated my proficiency in front-end technologies, including HTML, CSS, JavaScript, and frameworks like React, by actively contributing to the creation of robust and responsive user interfaces.

Beyond the frontend, my experience extends to backend technologies like Node.js, Ruby on Rails, and databases like MongoDB, PostgreSQL, and Amazon Web Services (AWS), allowing me to build robust and scalable solutions.

I also bring a strong background in business analysis and big data analytics, ensuring that the solutions I create are not only technically robust but also strategically aligned with business goals.

My aim is to contribute to your organization's success through innovation, integrity, and a relentless commitment to excellence."

🎓 EDUCATION

Cloud Computing Practitioner(AWS)

Azubi Africa

01/2024 – 04/2024 | Accra, Ghana

Skills

- Amazon Web Services such as CodeDeploy, AWS CloudFormation, AWS Elastic Beanstalk, AWS Lambda
